Doing the right thing!

When you open an account at Community 1st Bank-

The tragic events of September 11, 2001 created an environment of high concern for our country. Relating to this act of terrorism, Section 326 of the USA Patriot Act, was enacted to provide for the protection and on-going security of all citizens of the USA. As such, Federal Law now requires application for new accounts to provide current picture identification that verifies identity including name, address and other identifying information.

In some cases, identification will be requested for current account holders if original documentation was not obtained with the opening of the account. In all cases, protection of our customers' identity and confidentiality is our pledge to you.

At Community 1st Bank we proudly support all efforts to protect and maintain the security of our customers and our country!
